Cambridge Open Studios is a well-established local, and part of a national, annual art exhibition that opens the first 4 complete weekends in July. Artists have an opportunity to exhibit their work in their homes or studios to the public. Locally much of the marketing is included via the Cambridge Open Studios guidebook. We also design our own posters to raise awareness of our exhibition locally and within our Trust for the 2 weekends we exhibit.

The Cambridge Resource Centre over the past 3 years has hosted and provided support for artists to exhibit their work in Open Studios at the Resource Centre. This project is open to all artists in secondary services that can meet the following criteria.
